

Hallbury

An architectural rendering of a modern residential building. The main structure on the left features a prominent gabled glass facade with a dark frame, revealing an interior with a wooden deck and outdoor seating. To the right, a smaller, single-story wing with a grey roof and large windows is visible. In the foreground, a rectangular swimming pool is set on a wooden deck, surrounded by a well-maintained green lawn. The sky is clear and blue.

CASE STUDY
MOUNT ELIZA

Living Area

(3D Render for illustrative purposes only)

Client's Brief

“We want to build our dream home. Your designs online look great - we want to have a minimum 4 bedroom home with 2 living areas, pool and outside living area. We are totally flexible in terms of finding the right design to work with the land. We are flexible in terms of what we come up with together and then seeking a very certain and clear build process.”

Budget

\$750-800k

Location

Mount Eliza
